

IPIC 2008

Silent Auction Opportunity

The Government Information Technology Executive Council (GITEC) Board invites you to join them in supporting the World Wildlife Fund (WWF) charity with the continuation of the very successful silent auction. Participating in the auction is not mandatory. However, in past years the auction has significantly increased exhibit traffic.

In the past, popular auction items have included iPods, Digital Cameras, Laptops, Flat Screen TVs, Leather Jackets, etc. The auction provides additional, and much appreciated, contributions to WWF.

Logistics

Silent Auctions Items are displayed in your exhibit space beginning with the exhibits opening Monday through the end of the Wednesday afternoon break – 3:30 PM. GITEC will provide each participating company the bidding forms and a bright lime green “AUCTION ITEM INSIDE” sign for all participating exhibitors.

WWF or IPIC Staff will collect the bidding forms. The winning bid at the end of the auction wins the item. The winners will be posted and will pay the WWF the winning amount. WWF will provide the winner a receipt to pick up the item from you.
